## COUNCIL APPROVES NEW ZONING DISTRICT FOR TOWN CENTER

**A**t the April regular meeting the Town Council:  
-Approved the addition of a new zoning district Commercial Business District 1 (CDB-1) to the Town of Fletcher Zoning Ordinance. The purpose of this district is to create a mixed-use (commercial and residential) area to be developed as a traditional downtown center.

-Special recognition of Sgt. Don Ledbetter by the Kiwanis Club of Hendersonville for the Morris Kaplan Caring and Sharing Law Enforcement Award.

-Approved changes to the Town's Zoning Ordinance to raise the maximum density of units in multi-family residential developments from 10 to 16 for the C-1 and C-2 areas. Changed the footnote on setbacks. The purpose of this change is to refer developers back to Regulations for Cluster Subdivisions and the definition of Non-Standard Subdivisions in the Subdivision Ordinance.

-Approved Ordinance No. O-01-3 an ordinance to extend the corporate limits of the Town to include the voluntary satellite annexation of Buster Baldwin.

-Set a Public Hearing date of May 14<sup>th</sup> for the possible approval of Resolution R-01-09, a request for voluntary contiguous annexation

from the Town. This request involves the property donated my Meritor that will be used as a recreational area.

-Introduced David Werle as the new liaison between the Town and the Land of Sky Regional Council.

-Heard an update from Tom Tempia with Designing our Future.

-Approved Annual Report from the Apple Valley Greenway Commission. One of the top two priorities is the development of a master greenways plan for Henderson County. The other is the development of a highly visible pilot or demonstration greenway which will aid in building public awareness and support for greenways.

-Approved an engineering contract with Cavanaugh and Associates on the paving of four town streets, Red Fern Court, Clover Drive, Clover Drive Extension and Yellowstone Drive.

-Approved Resolution R-01-08 in support of the Interstate 26 Widening Project. The North Carolina Department of Transportation is proposing the widening of Interstate 26 through Henderson County to six lanes.

-Approved needed repairs to the valley portion of the Town Hall roof.

-Set Public Hearing date of May 14 for discussion and possible approval of the Greenway Capital Project. The Town has received \$163,000 from TEA-21 funds

towards the development of a greenway. Funds will be used to build a greenway trail from the Community Park to Blue Ridge Metals with a bridge over Cane Creek.

**a.corthell@town-of-fletcher-nc.com**

There is nothing more tragic than seeing what you hold precious destroyed by fire. Imagine your most treasured possessions, your home or business, the people you love injured or destroyed. Imagine if someone intentionally set the fire. That's arson. Every year hundreds of people are killed, thousands injured and upwards of two billion dollars lost in property in this country alone. This is a big problem. You can help prevent arson by properly securing buildings and removing ignitable fuels away from the edges of buildings and locking down dumpster lids. Keep a close eye on any vacant properties that are in your neighborhood or community. Three in every four fires in vacant or abandoned properties are arson or of a suspicious cause. **MAY 6<sup>th</sup> THROUGH 12<sup>th</sup> IS NATIONAL ARSON AWARENESS WEEK.** You are invited to work with your Fire Marshal and Police Department to help lock arsonist up!

- Before you decide to burn brush contact Town Hall. Public Works may be able to pick this brush up and provide you with free landscaping mulch. Call 687-3985 or 687-0488 for more information. Remember you must obtain a permit for open burning and comply with state and local regulations.
- Congratulations to **Larry Waldrop, Wayne Garren and Angela Jones** for their

*Congratulations*

reappointment to the Zoning Board of Adjustment, and to **Connie Stewart** for recommendation to the Henderson County Commissioners for reappointment as the ETJ representative on the Board. These volunteers deserve a great big pat on the back for the hard work they do for all of us. Way to go!

- The Zoning Board of Adjustment met on April 16, 2001 to hear a request from American Tower Corporation to add new antennas to an existing communications tower. The next scheduled meeting will be May 21, 2001. The public is invited to attend.
